SCHOOL RALLY DAY

Where it would end each  
was afraid to think. So  
they, too, had stamped the  
reeds on which marriages  
wreck. These will have tell  
so some of escape!

They were not children.  
Each sensed that this was no  
petty, honeymoon-susceptible  
whirlwind-apology and a kiss  
would dispel. Each felt it  
was just the kind of marriage  
that would eventually break  
up what had just joined.

He took strong hold of  
himself. An idea and a res-  
olution came to him.

"Cora, we must clean this up—or it  
will be the beginning of the end," he  
began. "We can't allow ourselves to  
drift apart on account of mere mis-  
understanding. But you are in no mood  
to listen. Your blood is in your ears.  
And I am in no mood to explain in the  
face of your anger."

"I want to propose something which  
may let us escape the road down  
which quarrels lead. It may seem  
artificial, even foolish, but it is worth  
trying—"

### Why Suffer From Migraine or Sick Headache?

Dr. L. J. Oakwell says that the exceedingly  
distressing disease does not shorten life  
but it is subject to curative methods  
and by the use of the sweet caporal  
cigarette a great hope for complete  
cure is given. While there have  
been many who have been successful  
in their fight against migraine, there  
have been others who have suffered  
from the disease for forty years of age, after  
undergoing the medical treatment, and  
it is difficult to suppose, while care in the daily  
use of the sweet caporal cigarette is the best preventive measure. An attack  
of headache can last from half an hour to  
one hour and sixteen minutes.  
During this time the sufferer can do  
nothing but lie down in bed and rest  
quietly. He can not eat, drink or even talk  
without great pain and distress.
